We support inclusion. Participants are welcome to sign up for any of the available lessons. Please call 805-654-7514 two weeks before the start of class to let us know if you have any special needs.

Visit page 18 for group swim lesson times & dates.

### Parent & Child (P&C)\*

#### AGES 6 MONTHS-4

Parents receive guided instruction to help their child become comfortable in the water through song and play, introducing them to bubble-blowing, arm and leg action, and holds for front and back floats, along with safety information. This is not a learn-to-swim lesson; it is intended to get children acclimated to the water. \*Recommended for children ages 1-4.

### Preschool (Pre)

#### AGES 3-4.5

We recommend at least one lesson of P&C before signing up for this lesson, which focuses on an introduction to water without a parent. Participants will work on blowing bubbles, breath-holding, kicking, floating, arm strokes assisted and possibly going under water. It emphasizes water adjustment, safety, and fun.

### Level 1

#### AGES 3.5-5

For children with little or no experience with swim lessons, this lesson focuses on water adjustment, blowing bubbles, submersion, assisted floating, gliding, and arm/leg action.

### Level 2

#### AGES 4-6

For children with no fear of the water who can swim a short distance independently (under water or doggy paddle). This lesson focuses on floating and gliding on the back and front unassisted, breathing, freestyle, backstroke, and elementary backstroke.

### Level 3

#### AGES 5-8

A child must be able to swim freestyle at least 10 yards unassisted and be comfortable in deep water to enroll. This lesson focuses on coordinating freestyle and elementary backstroke, proper breathing, swimming distances of up to 15 yards, and beginning diving skills.

### Level 4

#### AGES 7+

A child must be able to swim freestyle 20 yards without stopping and must be comfortable in deep water to enroll. This lesson introduces breaststroke, backstroke, and butterfly, refines freestyle and elementary backstroke technique, works on diving skills, and increases swimming endurance.

### Level 5

#### AGES 7+

A child must be able to swim freestyle 50 yards without stopping. This lesson refines the five competitive strokes, surface dives, and introduces sidestrokes and turns.

### Adaptive Swim Lessons

#### AGES 5-12

We support inclusion. Participants are welcome to sign up for any of the lessons offered. Adaptive lessons adjust the student/teacher ratio to work with participants, at their specific ability level and age, on personal goals. Please advise us of special needs two weeks prior to the start of class by calling 805-654-7514.

### Lap Swim

#### AGES 16-ADULT

Add variety to your workouts and swim your way to a healthier lifestyle! See the pool schedule for days, times, and fees.

### Deep Water Exercise

Take the impact out of fitness with a workout that targets every muscle in the body. While wearing a flotation belt (available to use on site) in 7-foot-deep water, you move against the water's natural resistance to build muscles, improve balance, increase flexibility, and strengthen the core, all while raising your heart rate and reducing body fat. This effective form of cross training helps to prevent and deal with injuries. You should be comfortable in deep water. The pool temperature is 78-79 degrees.

## How Your Sales Tax Dollar is Divided\*

\*Includes Measure O's half-cent transaction and use tax.

## How Your Property Tax Dollar is Divided\*

\*Based on a typical property tax bill.

## What is Measure O?

In 2016, the voters of Ventura passed ballot Measure O to support the City's aging infrastructure and focus on maintaining public safety. This provided a 25-year one-half percent transaction and use tax. Since 2016, over \$50.5 million in Measure O funds have assisted in the completion or on-going maintenance of more than 60 Citywide projects. Operational and infrastructural projects include street resurfacing, sidewalk repairs, ADA improvements, urban forestry maintenance, public safety, coastal shoreline preservation, and much more.

### A Message from City Manager Alex D. McIntyre

After two years of devastation, unemployment, and inflation caused by the COVID-19 pandemic, it's good to see businesses reopening and the economy showing signs of improvement. Thanks to your City Council's leadership, we continue to have a balanced budget and provide high-quality services to our community.

The budget is the most important policy document the City produces on an annual basis. The program and financial decisions it embodies reflect the policy direction provided by the City Council and community. This can only be achieved through a development process that encourages communication and transparency, seeking input from a diverse cross-section of the community, while offering opportunities for review and revision.

On this page, you'll see a snapshot of how sales and property tax revenue is divided. These are just a few of the different revenue sources used to deliver community services that support the operations of all City departments except Ventura Water.

Each year, City staff spends months preparing an annual budget that reflects the economic environment, fiscal condition, and priority needs of the City. This budget is reviewed many times before it's adopted each year by June 30. This is a public process where community members can get involved and provide input.

If you'd like to dive deeper into the numbers, explore projects identified in the upcoming Fiscal Year 2022-23 budget, please attend a City Council meeting or share your feedback with City staff.
